

CASCO BAY LINES ENEWSLETTER

May 2021

Greetings!

This is traditionally a very busy time of year here at Casco Bay Lines as we prepare for the unofficial start of the summer season over Memorial Day weekend.

Due to COVID-19, we are continuing to require all persons to wear masks at all times when present at our facilities or onboard our vessels, regardless of whether you are outdoors. While state guidance has changed, federal law continues to require those traveling on public transportation to wear a mask, including those who are fully vaccinated against COVID-19. Refusing to comply constitutes a violation of federal law. More information related to our operations during COVID-19 is available [here on our website](#).

Thank you for your continued support!

Peaks Island Residential Boarding Program

Casco Bay Lines is now accepting applications for the 2021 Peaks Island Residential Boarding Pass pilot program. The application, and additional program information, is available [here on our website](#). Applications will be accepted through June 12, 2021. Passholders will be permitted to board CBL vessels providing service to and from Peaks Island ahead of customers without passes. The \$10 pass will be valid for one year beginning on June 19, 2021, with the start of the summer schedule. It does not serve as fare for the trip, which must be purchased separately.

CBL Now Hiring Seasonal Freight Agents

Casco Bay Lines is hiring seasonal Freight Agents to assist with shoreside operations this summer! We're looking for new team members who love the idea of working on the waterfront. If you, or someone you know, is interested in applying, please [visit our website](#).
