

# CASCO BAY LINES ENEWSLETTER

May 2022

## Greetings!

This is traditionally a very busy time of year here at Casco Bay Lines as we prepare for the unofficial start of the summer season over Memorial Day weekend. Please review the important updates below and enjoy the May sunshine and flowers! Thank you for your continued support!

## Summer Schedule Begins June 18

The 2022 Summer Sailing Schedule will go into effect on **Saturday, June 18, 2022**. It is now available to view [here on our website](#) and will also be posted in the terminal and on the vessels.

## Application Now Available for 2022 Peaks Residential Boarding Pass

Casco Bay Lines is now accepting applications for the 2022 Peaks Island Residential Boarding Pass program. An application for those wishing to renew their 2021 pass, as well as an application for new applicants, is available [here on our website](#). Pass holders may board CBL vessels providing service to and from Peaks Island first should there be sufficient ridership to warrant it. The \$10 pass will be valid for the summer and fall season beginning on June 18, 2022, with the start of the summer schedule. It does not serve as fare for the trip, which must be purchased separately. Additional program information is available [here on our website](#).

## Memorial Day Weekend Updates

Traditionally, Memorial Day weekend is one of the busiest weekends of the year at Casco Bay Lines. While there is not a holiday schedule, we do ask that all 2021 Peaks Island Residential Boarding Program pass holders who wish to board first on trips departing between 9:15 am – 7:15 pm on May 27 – May 30 plan to arrive at their respective terminal fifteen minutes prior to departure time and wait in the designated area.

For freight shipments, we will give priority to groceries, personal items and island store/restaurant items. Freight such as building supplies, furniture and appliances will be shipped based on availability and may have to wait until after the holiday. If you have any freight questions please call the freight department at 207-774-7871 x116.

## Terminal Renovation Project Update

As part of the ongoing terminal renovations, paving recently took place on site. To minimize disruption, the work was done at night and in two stages so that vehicles could drive on the fresh pavement the next day. Once the paving cures, we will be striping and marking the pavement to assist with traffic flow. More information on the terminal renovations can be found [here on our website](#).
