## Machigonne Scheduled for Routine Dry Dock

It is anticipated the Machigonne II will be delivered to the shipyard for a routine dry dock and Coast Guard hull inspection during the last week in February. Depending upon weather and the schedule for repairs, she may be at the yard for approximately 6 to 8 weeks. During this period of time, as is the customary practice, Lionel Plante Associates will provide vehicle transportation to and from Peaks on a scheduled, yet limited, basis. Passenger service will operate on the regular sailing schedule. Stay tuned for more details!
