

CASCO BAY LINES ENEWSLETTER

February 2025

Hello Caitlin,

As we navigate winter weather, we have our sights set on preparing for longer and busier days ahead. These preparations include routine vessel maintenance and consideration of a vehicle reservation system to improve safety and reduce congestion. More information about both can be found below!

Be sure to stay in the know with [our text alerts](#) for timely updates on any schedule changes or service adjustments. We're committed to keeping you connected and ensuring an exceptional travel experience, no matter the season.

REMINDER: Alternate Vehicle Schedule in Effect

The Machigonne II is currently at the shipyard for a routine dry dock. During this time, as is the customary practice, Lionel Plante Associates is providing vehicle transportation to and from Peaks on a temporary alternate vehicle schedule. We anticipate this alternate vehicle schedule will remain in place for approximately three more weeks.

[Click here to visit our website](#) for details.

Peaks Island Vehicle Reservations Proposal

Casco Bay Lines continues to explore the possibility of a vehicle reservation system for Peaks Island to improve safety and reduce congestion. More information can be [found here](#) on our website. We value community input and invite you to share your feedback. Written comments may also be shared via e-mail to comment@cascobaylines.com with the subject "Peaks Island Vehicle Reservations".
