Memorial Day Weekend Freight

Traditionally, Memorial Day weekend is one of the busiest weekends of the year at Casco Bay Lines. We ask that you arrive as early as possible, especially if you are shipping freight. Freight capacity is finite on all trips, and for that reason, it is possible your freight may be delayed to the next scheduled trip. We will give priority to groceries, personal items and island store/restaurant items. Freight such as building supplies, furniture and appliances will be shipped based on availability and may have to wait until after the holiday. If you have any freight questions please call the freight department at 207-774-7871 x116.

Public Meeting Notice - Schedule/Fleet Analysis Project

Please join Casco Bay Lines at an informational public meeting to discuss the proposed outcomes from the Schedule/Fleet Analysis Project.

Representatives of Casco Bay Lines will be present on May 23, 2018 from 3:30 PM to 5:30 PM in the main conference room of the Ferry Terminal building located at 56 Commercial Street in Portland to present the proposed recommendations for the project, listen to concerns, receive comments and answer questions from anyone interested in the project.

A short presentation of the process and options considered will be made at 4:40 PM to allow for as many people as possible who reside on the islands to stop, be informed and provide comments while still being able to make connections with the evening commuter trips to the islands.

Anyone with an interest is invited to attend and participate in the meeting. Accommodations will be made for persons with disabilities. Auxiliary aids will be provided upon advanced request.

Any inquiries regarding this project may be directed to the attention of Paul D. Pottle, Director of Projects for Casco Bay Lines at P.O. Box 4656 Portland, ME 04112 or (207) 560-6880 or e-mail: paulp@cascobaylines.com .

Freight Carts

Islanders are asked to look for Casco Bay Lines freight carts on their respective islands and let CBL know if any are found. All carts need to be returned to the island wharves ASAP. The freight carts are very expensive items (\$600 per cart) for CBL to replace.
