

CASCO BAY LINES ENEWSLETTER

July 2023

Greetings!

Summer is in full swing here at Casco Bay Lines! With a busy holiday weekend fast approaching, we are sharing some information regarding our freight operations to help you prepare. Be sure to read through our entire July enewsletter as we're also sharing an update on the construction of the new Peaks Island vessel and our 2023 Board of Directors elections.

We hope you enjoy a safe and happy Fourth of July!

Fourth of July Holiday Reminders

Traditionally, the Fourth of July weekend is one of our busiest weekends of the year. While there is no holiday schedule, we do ask that you arrive as early as possible, especially if you are shipping freight. For freight shipments, we will give priority to groceries, personal items and island store/restaurant items. Freight such as building supplies, furniture and appliances will be shipped based on availability and, if possible, shouldn't be sent to CBL until after the holiday. If you have any freight questions, please call the freight department at 207-774-7871 x116.

New Peaks Island Vessel Update

Construction of the Machigonne II replacement vessel is well underway at Senesco Marine in Rhode Island. The vessel is being constructed in 10 modules and the first three modules are currently being fabricated. Along with the work that the shipyard is doing, the propulsion provider, ABB, has begun work on the electrical hybrid portion of the vessel. Overall, construction is proceeding on schedule with expected delivery to CBL in June of 2024. [Read more here on our website.](#)
